MIL'S MUSINGS

By Richard Milbrodt

IT WAS IN a State College classroom the morning that it had been announced that Josef Stalin had suffered a stroke, and the instructor had just made a passing reference to the effect of the news reported in the morning paper. Immediately a murmur ruffled the class, mostly of students wondering what was announced in the paper. One voice declared that the paper said that Stalin was dead. Immediately, without too much thought, another student replied, "it didn't say Stalin died, it just said he was going down!" What we want to know is how far down.

That new stretch of sidewalk on Main St. near Church St. just goes to show what a little bit of mutual good-neighborliness can do when it comes to cooperative enterprise.

A PROMINENT psychologist has recently come out with the astounding theory that it is far easier to think better when you have your feet higher than your head, tradition to the contrary. We hope that the schools don't decide to adopt this theory lock, stock, and barrel. School construction costs are certainly too high now without building declining chairs and lounges in every classroom. Can't you imagine visiting a high school geometry class and finding all the students in a prone position, feet higher than head? It would be astutely defended by the teacher who would declare stoicly. "It helps the kids think better."

THE SAN DIEGO METROPOLITAN area was the third largest in growth for the years 1940-1950, with a population increase of 92.5%. Albuquerque, New Mexico was first with 110% and Lubbock, Texas second with 95%. O. K., that is the end of our lazy statistics.

Brochure Readied For Investigating Meeting

The Lemon Grove Civic Investigating Committee announced this week that all arrangements have been completed for the public meeting which is to be held Tuesday evening, March 24 in the San Miguel School Auditorium. With an expected capacity audience, special plans have been made with the school officials to accomodate everyone.

Other plans for the public meeting include mailing of notices of the meeting and the distribution of the final report to persons attending.

Copies of the report, a mimeographed brochure, are intended to be used as reference material for factual information pertaining to the benefits and disadvantages of the three proposals available for improving the government of the Lemon Grove area.

Because of the length of the report, key members of the Fact-Finding Committee will be called upon to summarize their findings, The Fact-Finding Committee is the body assigned the task of gathering information for the people of Lemon Grove on the best available form of government.

According to John Dail, president of the public group, it was decided to have each of the five sub-committee chairmen present a summary of their work in order that any questions that may arise may be directed to the member of the Committee most familiar with the information. A full question and answer period is planned as part of the evening's program, Dail stated.

Postcards showing the time and place of the meeting will be sent to all those persons attending the last public meeting, a progress report session held last September.

The materials for printing the meeting notices and the reports were paid for by public subscription. A good deal of time was spent by a few members of the Fact-Finding Committee in assembling all the facts and printing the final report, according to Dail, acting spokesman for the group.

"Not only to gain factual information, but to reward the untireless efforts of the Committee members, the people of Lemon Grove should carefully study this report. Only in this way can a just opinion be reached regarding the problem of incorporation or not, in Lemon Grove," Dail said.

A set of three keys were found in front of the Western Auto Supply, 7820 Broadway, during the noon hour on Tuesday, March 3. Mr. Guy Williams, 8523 Boulder Dr. La Mesa, turned them into the Review where the owner can claim them. There are two, one a Yale PS853 and one Schlage 206702.

Business Women's League Squawks Loud and Long--Projects Plowed Up

The monthly evening meeting of the Business Women's League was enjoyed last week at Michael's Steak House. Guests were Mrs. Calvin Nichols, of the local optometrist office, Mrs. Herbert Lowe from the new Lowe's Toggery, and Mrs. Vivian Russell, sister of Mrs. H. Russell's Plumbing.

The League will assist the Lemon Grove Women's Club in the Red Cross Drive by canvassing the area assigned to it. Volunteers are the Mrs. Ida Adams, Al Huebsch, H. Russell, Burton Snyder, Herbert Lowe.

Members who attended the Red Cross Council of the Navy Hospital reported the needs of the boys in aiding their rehabilitation and occupation therapy program. Members were asked to supply such things as tools and materials for arts and crafts and hobbies. This month the boys are also asking for scraps of lace, ribbons, and feathers, etc. for an Easter fun affair — they are having an Easter Bonnet contest. Also the League is donating a cake plate equipped with a musical unit that will play Happy Birthday. Thanks to Artcraft Signs for painting the League's name on the underside of the plate.

A nominating committee consisting of the three past presidents, Mrs. Bruno Leonesio, Mrs. Ellison McGuire, and Mrs. Burton Snyder, was selected to prepare a slate of suggested officers for the coming year. The committee will report at the next meeting.

Loose-leaf leatherette note book covers were selected for new year books.

WOE is the Beautification Program! Just when it was supposed that the railroad commissioners had been quietly lulled they sent out an engineer to investigate the planting program. And who should be caught destroying property but the worthy president, Mrs. Huebsch, and a loyal friend, Pete Chappelle — they had a ditch dug and were about to lay in a pipe that would make it easier to get water up to the little evergeen 'Christmas' tree. The latest word now is that the little tree will be cut down, the rock plant plowed under, the cross walk from the Avalon Cafe to the Lemon Grove Hardware Store will be obliterated, and if cars continue to park on railroad property a fence may be put up to prohibit such outrageous carelessness. The women will need more than the luck of the Irish this month to stave off the latest blast. Any influential friends are welcome at this time.

The Business Women became familiar with the UNESCO program five years ago. They are very pleased to know that at last the other groups are beginning to know the importance of the program.

The Teachers Association is a fine group with whom to work.

Many thanks go to the people who gave blood when the Bloodmobile was in the Grove.

Happy day; Toomires for installation March 15th. Social chairman, Mrs. Ina Leonesio, has appointed Mrs. Paul Louer as decoration chairman for the event.

An executive board meeting will be held Monday night, 7:30, in the home of Mrs. Floyd Chaffee, 1860 Bay Front St., San Diego.

Next time: Michael's Steak House, 12:30 p. m., March 19th. And here's why. The Women's Club is making the arrangements and selling tickets to the Business Women and their friends for $1.25. Under some agreement with Mr. Goldy of the Steak House the Women's Club is making a big 'financial haul' for the Red Cross. So, the more members and guests present for lunch the more goes into the Red Cross Drive.

Brookside Group Plans Dance

Music for dancing will be provided by the Melody Aces and there will be refreshments and door prizes donated by local merchants. The public is invited. For tickets call H9-2306.

Tax Rate 60c Under New High School Bond Issue

Permanent organization of the Grossmont Union High School District Citizen's Advisory Committee was made March 4 at Grossmont Union High School when a group of citizens, selected by various service clubs and organizations, adopted a constitution and by-laws.

Named as chairman of the committee was Carleton Connaway with George Cox, vice-chairman and Mrs. Vernon O. Clapp, secretary. An executive committee consisting of these officers and Mr. C. M. Laffoon and Mr. Wm. De Grood was appointed to set an agenda for future action of this committee The committee recommended prompt and immediate action of the Board of Trustees of Grossmont Union High School in the scheduling of a School Bond Election to finance facilities to meet the increase of high school student population. New School Board Member Seated

Robert E. Brown, 4208 Marian Street, Vista La Mesa, associated with Convair in the quality control section, was named this week to the Lemon Grove Elementary School Board as trustee.

Brown will fill the vacancy left when Vroman Dorman resigned recently. His term will run until the May 1954 election. He has two children in the local school system, one in the first grade, another in the seventh.

Greeting Shop Sold Tuesday

The Greeting Shop, 7775 Broadway, has been sold, it was announced this week by Flora and Stan Blake, operators of the firm.

New owners are Vera and Elmer Boone, present operators of the Angel Shop, in North Park.

The couple will change the name to The Angel Shop Number 2, they said. Plans to redecorate and refurnish are already in the making. A formal opening will be held after Easter. The shop will be open during the meantime and the stock greatly expanded.

Blake's decision to sell was induced by considerations of his wife's health. She had been in the hospital recently. A period of rest before the decision of the next move is in order, Blake said. The couple expect to continue to reside in community.

Spring Valley Group Threatens Sewer Plan

500 vocative Spring Valley residents jeered and catcalled the proponents of a sewer plan Tuesday night at a public debate at Spring Valley School.

A sprinkling in the crowd cheered as Fred Hansen, County Planning Commissioner reported on the County proposed project.

W. J. Miller, retired British brigadier general and American citizen, secretary of the Mountain Valley Taxpayers Association called the project a "frame-up."

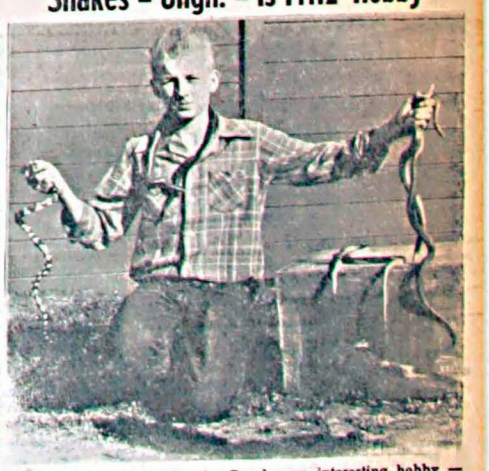
Roy Nielsen, president of the Lemon Grove Chamber of Commerce reported the salutary effects of sewers in Lemon Grove. "We are interested because about on fourth of Lemon Grove is in the Valley Sanitation district. We want that sewered," he said.

James Slater, County Health Department official, and Walter Barney, county sanitation engineer, told of the need for sewers in the Valley.

The proposed sewer plan will effect 2700 property owners. Restrictions in homebuilding is already being imposed in the area due to dangers involved in overflowing septic tanks, health officials stated.

Opponents to the plan object mainly on the method of spreading the assessment.

Snakes – Ungh! – Is Fritz' Hobby



Fritz Hunter, 3467 Trophy Dr., has an interesting hobby — snakes! At present he has three cages full. He and partner, Richard Speaks, track down snakes in the Brookside area.

In the picture Fritz has draped around his neck a California boa and in his right hand a King snake. In his left hand he grasps a boa and water snake while a gopher snake can be seen on the cage. Excess snakes, and the total grows rapidly in dry weather, are given to the San Diego Zoo. Method of capture? "I just grab 'em."

Fritz, a ninth grade student at Helix plans to be a zoologist eventually. He is the son of Mr. and Mrs. Fred Hunter.

A Lemon Grove Red Cross quota of $3,000 has been announced by leaders of the local drive.

Mrs. H. L. Bowers, head of the project has called together all organizations and clubs in the community to lend co-operation in helping the Grove make this quota.

"This is the first time Lemon Grove has ever been set up individually," Mrs. Bowers said. "While the quota is extremely ambitious, I'm sure we'll be able to make it if all individuals complete their assignments."

Mrs. C. W. Brown, assistant chairman, pointed out that the Grove fund would be given full credit regardless of whether the contribution were made at a San Diego place of employment, or elsewhere, if a request for credit here were made at the time of the donation.

The Red Cross project here is being handled by the Grove Woman's Club. In addition to Mmes. Bowers and Brown, Mrs. Leroy Scagliotti is on the executive staff. Mrs. Scagliotti is president of the Woman's Club juniors, Mrs Brown presides over the senior group. Mrs. Bowers is chairman of the Senior's Way and Means committee.

Several interesting programs are on the club's month-long agenda.

A Jam and Jelly raffle, built around a joint luncheon with the Business Women's League should add considerable to the project's coffers.

Luncheon At Michael's

The luncheon is scheduled for March 19 at Michael's Steak House. Henry Goldy, cafe operator, has offered to contribute 50% of the luncheon receipts to the fund. During this luncheon, drawing will be made for winners of all the jam and jelly that the Woman's Club members contribute. All groups in the Grove will be asked to aid in the sale of the raffle chances, Mrs. Bowers stated. The luncheon will be in Michael's new Okole Maluna room.

The Lion's Club named Bruce Harms, First National Bank executive, to handle Red Cross solicitations from the downtown merchants. First returns indicate that more than normal enthusiasm is being generated by local business heads. Approximately $400 has been credited to the Grove fund as a result of Harms' effort and from contributions made at tables set up in the bank and at "Frenchy" Faucher's post-office.

Business Women's League Helps

Meanwhile, Mrs. Al. Huebsch, head of the Business Women's League has thrown the support of her organization into the drive. She pulled together a hard-hitting group to work on the project, although not all are members of her organization. Listed as helpers are Mmes. Howard Lane, Clarence Rank, Herb Lowe, Luther Hussey, Wayne Johnson, P. Chapelle, H. Russell, J. Woody, H. Newell and J Roman Fran Roman has already underwritten 40 tickets to the luncheon.

There is also a group of 40 workers set to make a house-to-house canvas of the community. While this may not produce as much some of the other projects, it is hoped that all residents will be prepared to contribute of will be able to tell the canvassers

Few propaganda campaigns in history have equalled the output of synthetic hysteria ground out by the Communists in their efforts to obtain clemency for the convicted atom spies, Ethel and Julius Rosenberg. And as is usual in these manufactured crusades, many non-Communists have naively disregarded the evidence and gone along for the emotional ride.

A rumor from the propaganda mill that has gained wide circulation of late is that Judge Kaufman imposed the death sentence in the Rosenberg case because he had been criticized for displaying pro-Communist bias during the first trial of Alger Hiss. The Rosenbergs, so the story goes, were the hapless victims of the Judge's desire to make a show of militant anti-Communism as an offset to his previous softness.

The reasoning sounds logical, and makes an effective plea for sympathy for the Rosenbergs. The only thing wrong with the story is that the Judge in the Rosenberg case is Irving R. Kaufman and the Judge who presided at the first Hiss trial is Samuel H. Kaufman.

Werner Janssen To Conduct S. D. Philharmonic

A brilliant and broadly designed symphony program by the San Diego Philharmonic is announced by "the illustrious Werner Jassen for Sunday evening at the Russ Auditorium.

Long known as a discoverer of exceptional young talents, Janssen will introduce to San Diegans the lovely and gifted Jean Bona-Corsi, 21 year old San Francisco mezzo-soprano, who has just recorded under his baton major arias from "Carmen" and principal solos in Mahler's "Song of the Earth" for Columbia Masterworks disks which will be released in the near future.

Last year Miss Bona-Corsi was chosen by the celebrated Pierre Monteux to be one of the soloists with the San Francisco Symphony in Beethovens "Ninth." She will be heard in Italian and French opera arias and German songs with orchestra.

Miss Bona-Corsi comes as a happy replacement of Dorothy Maynor whose appearance March 15 is precluded by conflicting engagements.

Nominally priced tickets will be sold at the door. (Children 25 cents, accompany adults 50 cents) they can be secured also through school music departments.

Tickets for evening concert on sale at Philharmonic Box Office, 640 Broadway. For reservations phone F9-4700.

Price of tickets $1.00, $1.50, $2.00, $2.50.

For centures the fair was the major place where goods and services were exchanged or sold, paving the way for development of the retail market.

1952: A Year of Telephone Progress for You

We've been building fast to bring still more service, still better service, to all the Pacific West

At work today in the Pacific West are more telephones than ever before in history. And the service they provide is better than ever, too. For 1952 was a year of progress for Pacific Telephone, as have been all the years since the end of World War Two. Because the telephone is so important to everyone in the West today, we'd like to give you a quick report on this past year...taken from our Annual Report for 1952.

New telephones went in fast. More than a million people in the Pacific West applied for telephones during the year. In most cases we were able to install them without delay. Enough telephone buildings, new lines and equipment were built during 1952 to serve the total needs of a new city the size of San Francisco. At the same time, we continued to make the telephone needs of national defense our first order of business. And in both military and civilian service, 1952 was a year of telephone progress. And we'll do all we can to match it in the years ahead.

1952 Highlights

- Every day, Pacific Telephone spent half a million dollars on construction.
- *Improvements in wages and related benefits for telephone employees amounted to more than $21,000,000 annually.*
- Total taxes per telephone in 1952 amounted to $37.17. This means an average tax of $3.10 per telephone per month—almost double what it was ten years ago.
- *Microwave radio relay facilities were extended to Portland, Seattle and San Diego ...helping us to handle more long distance calls than ever, and bringing network television to these cities for the first time.*

"TAKE IT EASY!" Remember those words of wisdom as you cook and work around your kitchen.

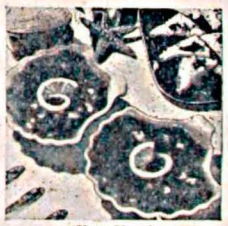
Here's a check list on some ways to save energy in the kitchen:

1. Use the right tool for a job. A pastry blender to mix pastry or chop eggs for egg salad. A rubber scraper to transfer batter from mixing bowl to pan.

2. Keep a supply of prepared foods to simplify meal-making. Biscuit and pudding mixes, condensed mushroom soup or other soups to use for white sauce, precooked rice.

3. Drain dishes dry, in a drainer, instead of hand drying.

4. Sit down to work whenever possible.



Clam Chowder

FOR ENJOYABLE LENTEN MEALS, serve the condensed soups that are meatless. These include: Clam chowder, tomato, vegetarian vegetable, cream of celery, cream of asparagus, green pea, and black bean soups. Any one makes happy eating with grilled cheese sandwiches, mixed green salad.

CREAMED TUNA is a seafood dish that appeals to young or old "salts". Ideal for Lent made with condensed cream of celery soup.

Heavenly Creamed Tuna

2 tablespoons minced onion	½ cup milk
3 tablespoons butter or margarine	1 cup flaked tuna (7-ounce can, undrained)
1 can (1¼ cups) condensed cream of celery or cream of mushroom soup	1½ cups cooked broad noodles (4 ounces uncooked)
	¼ cup sliced stuffed olives

Cook onion in 1 tablespoon butter until limp; add soup, milk and tuna; cook over low heat about 10 minutes. Blend hot grained noodles with remaining butter and olives. Pour creamed tuna over noodles. Makes 6 servings.

Nan MacDougal Reports On Retail Credit Conference

Nan MacDougall, First National's assistant branch manager here in Lemon Grove, and one of the few women bank executives in San Diego County, recently attended the 17th annual conference of the National Retail Credit Association, Eleventh District. Membership of the association is comprised of credit managers and others working directly in credit from California, Arizona, Nevada and Hawaii. The four-day meeting was held at the U. S. Grant Hotel.

Steve Westover, manager of the Lemon Grove Lumber Company, is another of the local members of the association who attended the conference.

Local credit associations in principal cities in all parts of the U. S. act as a clearing house for credit information and serve such credit grantors as banks, auto and appliance dealers, department stores and other retail firms.

Mrs. MacDougall noted that one of the present day trends frequently discussed at the conference is that installment credit appears to be becoming more difficult to obtain in the last few months. Another trend given attention is the recent rise in interest rates, an increase explained partly by the increased cost of extending credit. Actually, the rise has been slow to follow the uptrend in cost of other services and goods.

Mrs. MacDougall also reorted that the conference discussed the movement of automobiles from a sellers' market to a buyers' market. It is expected that this will result in the price of older models of used cars dropping and more generous offers being made for trade-ins on car purchasers. Automobile salesmanship is expected to become more aggressive.

One session of the conference was devoted to the recent skyrocketing business in deep freeze units, and some criticism was voiced over salesmen who failed to guage the size of the freezer unit to the size and the economic limitations of the family considering its purchase. It was noted that where an excessive sized unit was sold to a family, repossession was more apt to follow, especially where it was sold on a low or no down payment.

Lushy, rug covered floors and modern decor are features of the newly re-opened Style Shop at 7808 Broadway.

Helen Gaulden, shop owner, recently engineered a deal in which she switched location with Mode O'day on Imperail which she also operates. Interior of the shop was designed by Bob Gaulden.

VLM Christian Church Breaks Ground

Ground breaking ceremonies for the new addition to Vista La Mesa Church took place Sunday when a group of well known Christian Church dignitaries and more than 150 on-lookers witnessed the event. According to Rev. Donald Jones, pastor of the church, the area served by this church has increased nearly 400%.

Shown in the photograph are Ray Wellington, chairman of the local church board, Ray Huffman, senior elder of the V. L. M. Church, Geo. Scott, trustee and former president of the Council of Church, Dr. Leland Cook, pastor of Central Christian Church and Rev. Jones.

Completion of the new addition is anticipated this fall.

"Substance" Christian Science Lesson-Sermon

The law of God, Spirit, underlying all that is real, will be discussed Sunday in the Lesson-Sermon on "Substance" in all Christian Science churches.

The declaration "I know that, whatsoever God doeth, it shall be for ever: nothing can be put to it, nor any thing taken from it," is the Golden Text from Eccesiastes (3:14).

It is recorded in Matthew's Gospel (8:23-26) that when Jesus "entered into a ship, . . . there arose a great tempest in the sea, insomuch that the ship was covered with the waaes: but he was asleep. And his disciples came to him, and awoke him, saying, Lord, save us: we perish." And Jesus said, "Why are ye fearful, O ye of little faith? Then he arose, and rebuked the winds and the sea; and there was a great calm."

Golden Avenue School News

About two hundred boys and girls from kindergarten through the second grade at the Golden Avenue School gathered in the field nearby last Friday afternoon to watch Mr. Norman Gist, local blacksmith, shoe a horse. The primary classes are at present studying about pets and the farm, and their demonstration was part of their social studies.

Mr. Gist showed the children how he trimmed and filed the hoofs and removed the old shoe. Then he fitted and fastened the new shoes. Children in the picture are Richard Fritz, Sheila Lee Snow, Dean Sullivan, Mary Francis Griggs, Bobby Choras, and Will Rady.

The morning kindergarten is finishing its unit on pets. Each day a different pet spends a day with the children. Gary Pergl's father made the class a cage, from which the pets are observed by the students. At present the class has two hamsters, gifts of Alexis Smith's mother. On Wednesday they walked to Lynda Bryan's home to see her horse. Mmes. Newell and Perryman accompanied them. Other pets which have been enjoyed by the class were Carol Luscomb's parakeets, David Avery's finch; Tommy Kuhn's collie dog; Marjorie Mukai's turtle; Sheriln Kilcoyne's boxer dog; Tempy Dell Cornelius' rabbit; Jimmy Kruk's chicken, Ronda Hendersen's dog, and Randall Raab's cat. Within the next week, other pets will be brought to school.

A regular meeting of the Golden Avenue Student Body Council was held in Room 19 last week with Mr. Wiley Cornelius, advisor. Those present included President Sharon Lane, Sherryl Lane, Raymond Bierl, Mercy Smith, all elected officers, and the various room representatives.

Discussion centered around the "Doll and Hobby Show" which the council hopes to make school wide in the near future. They also discussed some possible awards for members of the citizenship club. These awards will be made during an assembly meeting soon.

Red Cross Quota

that their contributions have been given elsewhere in the name of Lemon Grove. Should local residents contribute at their place of employment, according to Mrs. Bowers, they will be credited precentage wise so that their firm may come nearer the 100% mark, but the sun will be credited to the local total, if they request it.

The District Teachers Association has volunteered assistance in the campaign according to Byron Netzley, Grove School District Superintendent. A report of their effort will be made late in the month, he said.

The Kiwanis and the Kiwanianes, both active in local charity projects, are taking important parts in the campaign. Mrs. Channing Mason, president of the Kiwanianes, said that distribution of raffle tickets and other help would be given by her group. The Kiwanis, fresh from a successful March of Dimes project, is throwing a helping hand in, it was announced by Byron Netzley, Kiwanis president. Members of the Grove Fire Department's Relief Association are lending help.

Other individuals and organizations are giving help to the local Red Cross campaign. These will be listed later.

La Mesa, as a comparison, has a $9,000 quota, according to Mrs. Bowers. Lemon Grove, with nearly the population of La Mesa should be able to reach her goal, she believes.

perintendent.

Harold G. Hughes, assistant superintendent, presented an outline of a financial and business schedule designed to meet this deadline. This plan would involve a bond election to authorize sale of bonds as the district's bonding capacity became available over the next two years. The election is to be April 12.

According to Smith, if this bond issue passes ,the tax rate should jump from the present 35c to 60c for the first year. The same increase will remain in effect until the district participates in the State program (becomes an improverished district) or until hoped-for legislation becomes effective.

School Board OKs Larger Drain for Jr. School

A change order on the present construction of the junior high school on Kempf and Lincoln was approved by the Lemon Grove School District Board of Trustee at the regular monthly meeting Monday night.

At the recommendation of the county surveyor and road commissioner and the school district architect, a 30 inch drain will be installed, and trench drains will protect the new fill. Money for this additional work is available in the contingency fund set up when construction began.

This work is necessary because of conditions found existing on the land when trees and vegetation were cleared last week. The soil consists of silt water saturated to such an extent that all construction would be threatened unless the situation is remedied by draining.

Announcement was made of a public hearing for the proposed amendment of Co. Ordinance No. 371 to be held March 24, 11:30 a. m., at Civic Center. This would permit the construction of public buildings to be used for public health, convenience, safety, or welfare to be built in zones heretofore restricted to residences. The Lemon Grove District will make application for a conditional permit following the hearing in order to proceed with plans for the administration unit on the Lincoln site.

The board approved the districts joining other schools in the county in the Camp Cuyamaca project. Next year Lemon Grove will have forty sixth graders attend one of the weekly encampments sponsored by city and county.

Harry Griffen, chairman pro tem, presided. Also present were Lawrence Herder, clerk, and Robert Brown, newly appointed to the board vacancy by the county superintendent of schools.

Forerunners of present day labor unions were the guilds which had their beginning at early European fairs.

According to historians, the first fair in the New World was held at Acapulco, Mexico, starting in the 16th century, when thousands of visitors gathered each December to see and to exchange goods from the Orient, from Spain and South America.

Hybrid Types Give Lemon Grove Petunias New Glamour

Petunias are one of the least demanding annuals you can plant. In Lemon Grove even in the poorest kind of soil, and the hottest possible location, they will grow and bloom freely. And given the encouragement of good soil in a flower bed, box or pot, they will respond with breathtaking beauty.

Hybridizers have greatly glam-

orized the fragrant flowers since the first Petunias were discovered nearly a hundred years ago in Uruguay. Today, while the paste single flowers, which resemble small morning glories, are still popular, there are also the fancier types. In some single-flowered varieties the petals are gracefully waved or ruffled, in others they are even more frilly. There also are various varieties of the magnificent fully double flowers which look somewhat like African Marigolds or Double Hibiscus.

Today's hybrid plants show improvements as striking as those in the flowers. They now range the way from lusty trailers to compact dwarfs, under which still bear huge blooms and are perfect for the front of the border. Both dwarf and giant types are available in flats according to the Bedding Plant Advisory Board. The colors usually purple, rose, white, red and blue, with many combinations of them.

The tiny seeds are hard to sow, flat size plants are readily popular. Set them out 12" apart in beds now, or in pots or window boxes; they will bloom in about 8 weeks and continue to provide long-lasting color all through the summer.

CAPITOL AND COUNTY News Letter

by RALPH R. CLOYED
ASSEMBLYMAN

The testimony before our Joint Committee on Water Problems indicates that the Bureau of Reclamation apparently assumes and proceeds upon the mistaken theory that the government Committee on Water Problems owns the water.

This ignores the fact that the people of the State of California, under the law, are the actual owners of the water.

Most of the contracts made by the Bureau with water districts are made under Section 9 (e) of the Reclamation Act of 1939 and run counter to provisions of our State district laws. They also interfere with the owner's rights of land in excess of 160 acres limitation and are subject to withdrawal and delivery elsewhere when the contract expires.

Another situation of the first magnitude uncovered was the application filed by the Federal Government with the State Division of Water Resources for permits to appropriate water for the Central Valley. The Legislature, through our Committee, memoralized the State Engineer to insert in all permits and licenses granted to the United States conditions that the rights to water under the permit are permanent and appurtenant to the land. Simple as this action appears, it was a master stroke in protecting California water against impending alienation.

I have attempted to outline a few of the more vital and dangerous conditions that affect the security of our water and our sovereign rights to their control.

While I hopefully believe that the days of harassment of the public as the major pastime of the graveyard, I also believe we should protect ourselves fully against its return.

I have, therefore, introduced bills in the Legislature to protect California water. These bills have been jointly sponsored by members of the Committee in both houses.

Our own so-called Co-op Law has been overhauled. It now provides that no contract between the United States, or any of its agencies, and the State of California, or any California district, shall be permitted to contain terms which would deprive any district or any landowner of a permanent water right, but shall guarantee such right.

This series of bills provide for the consolidation of several of the State agencies into one Department of Water Resources. The new department is divorced from the Department of Public Works and transfers, under the Directors of the Department, the Division of Water Resources, State Water Resource Board, Water Project Authority, State Reclamation Board, Colorado River Board, and California Security Commission. This consolidation, long overdue, should create a more business-like administration of water matters in the State.

It is absolutely essential that a single department be organized to properly handle such great enterprises as the Feather River Project, the Central Valley Project, and prevent another "Fallbrook seizure case."

The measures that I have introduced have been developed from testimony and recommendations and suggestions presented to our Committee at hearings in various sections of the State. I know of no better way than to get advice from the people concerned. Our Committee has been assisted by the California Farm Bureau, together with the Irrigation Districts Association, Chambers of Commerce, and many other organizations.

"Highland Lads And Lassies"

Robert Turnbull

Again this week I would like to talk on Mike Spinazzola, 17, a junior at Helix High School who is running for Ptexy. To me, and in the opinion of many hundreds of other students, he would be the best of the two men out for the Presidency's throne. His worthy opponent, Bill Hire, also a junior, is going to be tough to defeat. Mike's past record concerning student Gov't., should get him the office he is seeking. As far back as the sixth grade, Mike received an all-expense trip to Catalina Isle for having outstanding citizenship. He was Pres. of his 8th grade class, and at the same time, was the Student Representative to the P.T.A.

In his Freshmen year he represented his home room at the school's student council. Sophomore year: president of the sophomore class; student council representative; and vice-president of the Latin Club. Junior: V-president of the school; Head of Student Council Board; V-resident of the choir, and secretary of the Key Club. How can a guy like Mike miss being next year's president? Besides all this, he has a B average, and his personality is one that won't be equalled by any Highlander for years to come. Senior year: President of School, we hope. Mike lives on Jamacha Rd., in Spring Valley. He's 5 ft. 7 in. tall, and weighs 160 lbs. His favorite hobbies are miniature golfing, swimming, and dancing, with football as his favorite sport. Asked about school, he said, "The spirit is terrif." Remember, Mike Spinazzola for next year's president.

Francis Maloney and Phyllis May recently threw a crazy party. The party was at Francis' home in Spring Valley, February 28. Occasion: Just-a-Party. The following Highlanders were there: Pat Vandervoort, Dick Slobig, Carol Kreger, Bob Turnbull, Francis Maloney, Sonny Beyer, Phyllis May, R. G. Richardson, Flo Porter, Jud Bowers, Yvonne French Karl Jordan, Bobbie Christianson, Bill Bloom, Gay Underhill, Jim Barrow, Phyllis Ehlers, Dale Harvey, Sue Horton, Dick Tucker, Sharon Alben, Ron Fix, Ronnie McGuire, Jerry Tucker, Wimpy Rust, Bill Davis, Jody Crane, Bob Hutchins, and Don Rote. The two main objects of the party was Jitterbugging and Punch.

Space is running short, so in short here is the low-down on our convention. Ed Tilling, president, called the convention to order. Mayor Nagel of La Mesa spoke on voting heritage; Mr. Warburton, vice-princial of Helix, filling in for Mr. Hart, spoke on our school's Gov't.; flag salute; then Bob Anaya, Parliamentarian, read the convention rules; after roll call by Stuart Harvey; the convention started. The students nominated for the Presidency were Bob Tilling, Bernie Svalstad, Bill Hire, Stan Davies, Donalda Beebe, and Mike Spinazzola. Real soon like, on the first ballot Mike got it. After the second ballot started Beebe, Davies, and Tilling dropped out, then Bill Hire received the second ballot. For the heated Vice-President race, there were 11 students nominated. They were Stan Davies, Bob Fields, Dixie Graham, Donalda Beebe, Cecelia Lyons, Jim Goodwin, Wayne Swettwood Jim Hutchins, Frank Rose, Jim Weldon and Karl Jordan. Davies received first ballot. While the second ballot was on it way, Graham, Beebe, Lyons, and Weldon dropped and Jim Hutchins received second Ballot.
